Target Audience

The INFINIBAR Hexagon Flat Connector is ideal for users who want to create flat hexagonal or other uniquely angled lighting shapes using an array of INFINIBARS.

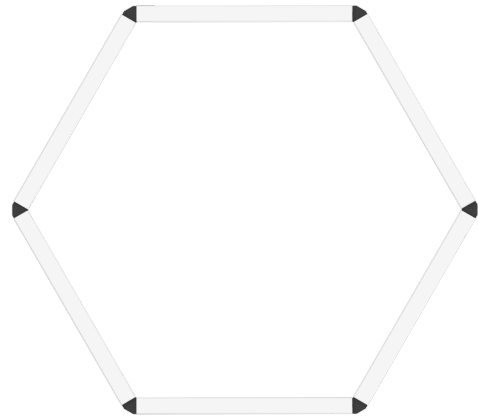

Product Description

The INFINIBAR Hexagon Flat Connector is an all-metal mounting accessory that is designed to be used with any INFINIBAR (PB3/PB6/PB12) to create hexagonal or other uniquely angled lighting shapes.

Each connector features DC barrel connectors that allow the INFINIBARs to share power when being charged.

Each connector also features a 1/4-20in screw thread for additional mounting with the included 1/4-20in eye-bolts or other accessories.
